Immune Support+

Support Your Minor Pain Relief & Immune Modulation*

Patient Benefits:

Immune Support+ targets underlying issues—such as eicosanoid, cytokine, and white blood cell activity and vitamin D levels—that have been associated with minor pain and immune system response. Healthy immune system function and eicosanoid balance are important to maintaining healthy tissues of the joints, skin, digestive system, and nearly every other organ and system in the body.*

- ✓ Addresses underlying issues associated with immune system activity that can impact tissue health and minor pain.*
- ✓ Features the clinically tested, predictably safe modified herbal extract Luduxin® (RIAA) to modulate eicosanoid balance.*
- ✓ Provides vitamin D_3—a bioactive form of vitamin D—to help maintain healthy immune activity.*
- ✓ Replenishes healthy levels of selenium and zinc—minerals shown to modulate key immune pathways.*
- ✓ In vitro and human clinical experience of **Immune Support+**'s key active ingredient—Luduxin®—suggests a high level of predicted safety on the GI tract lining, blood pressure, and kidney and liver function.*
- ✓ Developed through the ExpresSyn™ Process, which combines cell proteomic research, safety evaluations, human ex vivo research, and human clinical research for maximum safety and effectiveness.

Supplement Facts:

Serving Size 1 Tablet
Serving Per Container 90

	Amount Per Serving		% Daily Value
Vitamin D (as cholecalciferol)	500	IU	+
Zinc (as zinc citrate)	5	mcg	+
